---

This is what I found. Looks like soil sampling has confirmed arsenic and cadmium and a cleanup is planned.

Yes I'll call. I hadn't heard about Fred Meyer. I heard the day care may have.

Sent from my Verizon Wireless 4G LTE smartphone

Subject: Fred Meyer soil cleanup?

Hi Keith,

Wanted to check in with you and specifically find out if a cleanup of soil was conducted at the Fred Meyer daycare?  
Heard through the grapevine, i.e. the Forest Service, that Fred Meyer cleaned up soil at their SE Portland facility.  
Just trying to understand when, how much, cleanup levels, etc.

If you have a chance, can we chat for a short time today? Be good to get a sense of what might be coming down the pipe regarding any support you would request from us. I completely understand if you are swamped.

Thanks,  
Wally
